What-what?! Is that from Takasugi-kun?
"Wait for me in the club building..."
Then this is probably going to get to Takasugi.
If even the boys are cheering me on...
Ta– Takasugi, what did you suddenly call me over here for?
Go Misaki!!

You...
...Yer tellin' people that ya' gonna kick my ass, ain't ya?

Chapter 15 Us
Enough, I'm going home!
Ah— I just remembered something I need to do as well!
See you later
BWAAAH...
Ahhh...

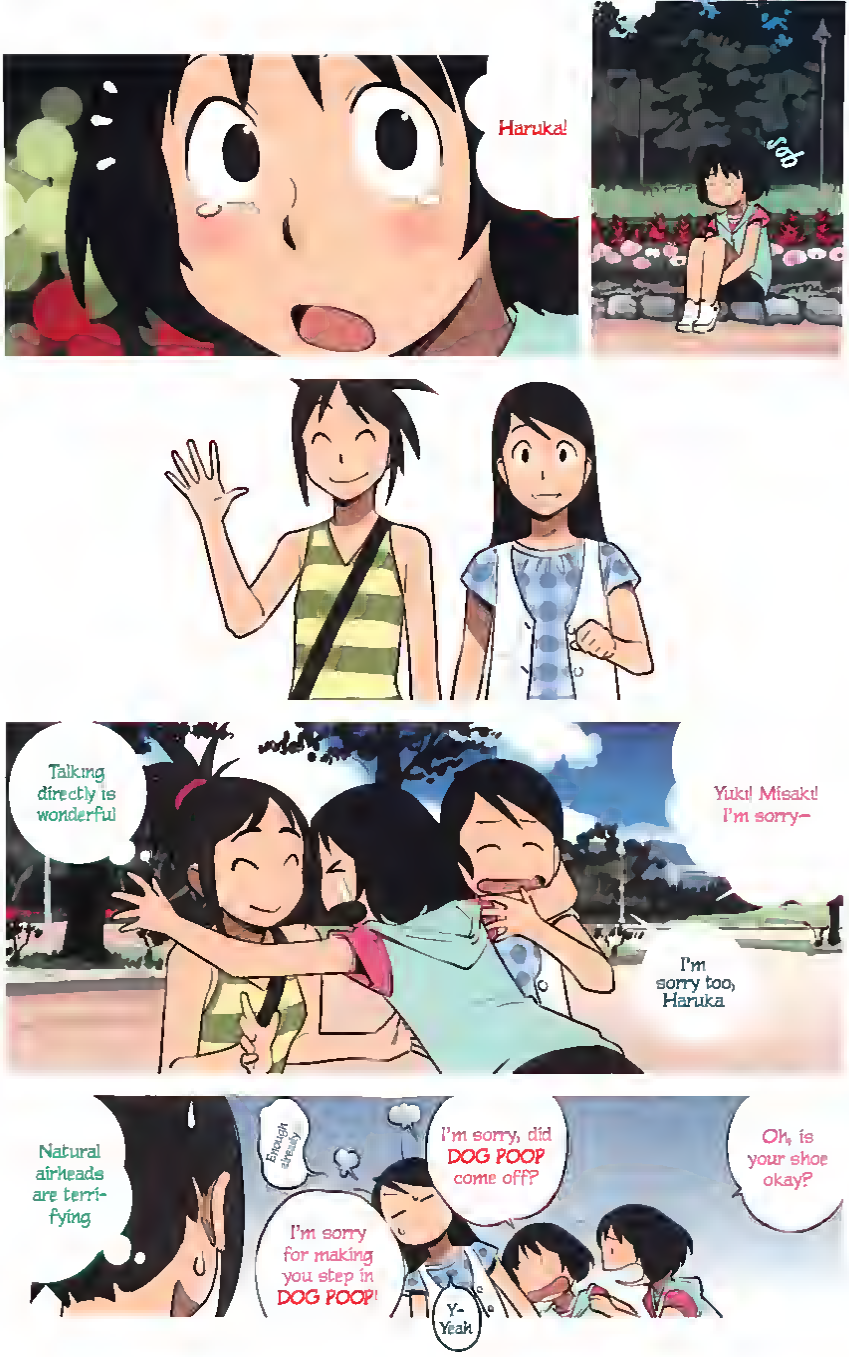
Haha... This has been a pretty trouble-some today~~

It's all because when Haruka gets something into her head, she doesn't see anything else!

What if I end up being typecast as a weird character!
Geez! Something like this happened the other day as well
So I tried to never step into anything again...
SPLASH
SQUISH
So that's what set you off... But it's alright
Dog's...
SLIDE
We don't think about you like that, Yuki, neither Haruka nor I!
...Yeah
I know
I should say something to Haruka...
Ah, your standby screen is Haruka
You put the pictures you take on your cell phone
BEEP
BEEP
I just got angry in the heat of the moment
OPEN

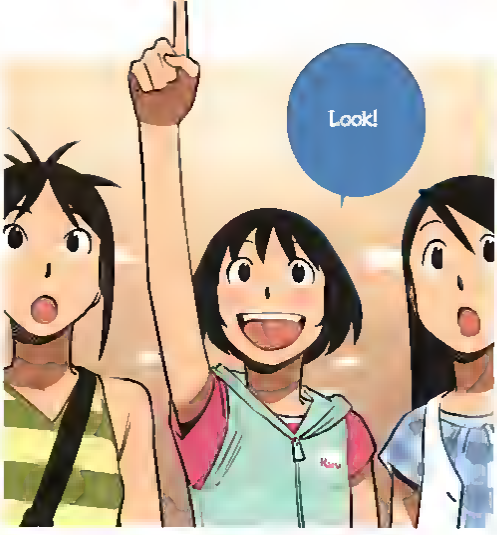
I set it up so interesting pictures are shown on the standby screen at random
Heeeh
Let me see more!
BEEP
When a black kite stole a side from bento
BEEP
Kaijoutei's new menu
BEEP
Ah, this is when we went to the famous ramen restaurant!
Especially the times when Haruka messed up
Looks like most are related to Haruka
shwp
But Haruka never had any ill intention all those times
And now they're just fun memories
Ah, that's true

It's the dog's owner who left it lying around!
Yeah
The fact that you stepped into dog's poop as well, the one ultimately responsible isn't Haruka
Misaki, don't mention dog poop...
Ah, I'm sorry
Print Service
!
That's it!
Let's go back
Talk to her directly
Yeah
Yuki, give me that cell phone!
Eh?



Haruka!
Sob
Talking directly is wonderful
Yuki! Misaki! I'm sorry–
I'm sorry too, Haruka
Natural airheads are terrifying
Enough already
I'm sorry for making you step in DOG POOP!
I'm sorry, did DOG POOP come off?
Y-Yeah
Oh, is your shoe okay?

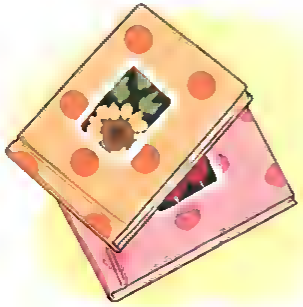
I present you two with improvised albums!
Alright, as a sign of making up
...
Wha— Thank you
Ahaha
It looks like a collection of me messing up!
Ah
So Where did you want to take us today, Haruka?
It's right here!



Look!

I won a prize
Aobato High School second year
Arai Haruka
I wanted to show it to you as soon as possible

Ehehe
It's us!



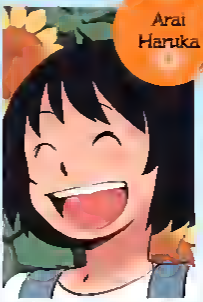
Character Setup

Fujikura Misaki

She's supposed to be a hard worker type character, but her introduction isn't over yet. She has a sociable personality and is friends with many people. Apparently she's been best friends with Haruka & Yuki since middle school. She's probably in the swimming club. A certain Takesugi-kun is on her mind.
Born in July

Katase Yuki

A logical type character that likes everything to be organized, but she tries not to show that stiff part of her to people. She's Haruka's childhood friend and sometimes acts like her big sister. Due to the influence of her photographer parents, she loves photography.
Born in December



Arai Haruka

A genius type character that is naive and happy-go-lucky, but possess a superb sensitivity. A high percentile student who gets good grades at the Aobato High School. She belongs to the art club, but since Yuki is in the photography club, she goes there often as well. The mood-maker of the three.
Born in April

Yuru Yuru, as the title implies, is a manga that follows a loosely constructed one person relay method. The meaning of "yuru yuru" (loose, leisurely) is the opposite of "kicchiri" (tight, meticulous).
Kicchiri ⟷ Yuru Yuru.
And now, let's organize the characters that have been introduced in the 15 chapters so far.

Green Pigeon

A vividly colored pigeon that in the summertime only comes to the rocky sea shore to drink from tidal pools. If it has red wings it's a male, and if it's entirely green it's a female. It's a mascot type character that appears here and there throughout this manga. You should've seen the one about to pop a vein and the one with seagull poop on its head. It keeps being cut resolutely by the editor for being too weak for a mascot, but its tenacious spirit allows it to appear again and again.

Alpaca

It has shrewdly placed itself on the cover, but this envoy from the Andes has appeared only in a single chapter. Will it ever appear again in the future!?

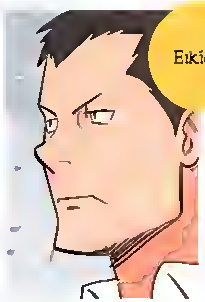
Person from Kaijoutei

A lady of unspecified age (?) An employee of the beach cafe Kaijoutei, the place that serves as a hangout for Haruka and company. She can get through ridiculous orders by being imaginative and creative. She's been known to play with the food, and is a comedy show type character.

Hamster

Golden hamster. A rodent that ran away from somewhere and got caught in the yard of Haruka's house. Its small body overflows with power. The cage made from a clothes case can't contain it, and it ends up escaping. It's an onehoop type character that silently runs through Haruka's house at night, and in the morning returns to the cage all out of energy. It doesn't have a name yet.

And so, how will this setup be used in the future, and will it be used? If you read with that in mind, you might enjoy it all the more. For continuation, see you in the Monthly Young King or Volume Two~w!



Eikichi

He looks like a leader of a gang of delinquents, but it doesn't appear to be that way. He was brought up by his parents in the "Don't look down on me" spirit, and that's how he turned out. A fierce looking type character who harbors various secrets.

Takasugi

An amazing seaming character a first year who's a regular in the basketball club, as well as its ace. Only his name is brought up from time to time in the manga, so he's an urban legend type whose actual existance might be in doubt.
